I. V. N. A. NEEDS AUTOS FOR OUTLYING DISTRICTS

Association Also Wants Hourly Nurse to Care for Minor Ills.

WOULD VISIT RICH AND POOR

Hoped Improvements Can Be Put in as Result of "Merry Whirl," Musi-cal Extravaganza, Which Will Be at Academy Next Month.

Several automobiles to fecilitate the work in outlying districts and with minor ills, yet who are dependant, are among the pressing needs of the Instructive Visiting Nurses' Association, the definands on which are growing rapidly both as the city xpands and as their tremendous usefulness becomes more thoroughly known to all types of citizens. Because several of the nurses have to take long walks between the homes of suburban patients and are de pendant on street cars operated at ong intervals, much time and strength is wasted every day.

The introduction of an hourly nurse would be a new feature, but one for which there is a decided teed. Her suites would not take her sololy among the indigent members of the community or even among citizens of very moderate means, but would carry her to the homes of the wealthy and well-to-do. Often, it is said, a person may have a bad burn or a sprained ankle which necessitates treatment, but do which necessitates treatment, but do thich necessitates treatment, but do ot require the full time services of nurse. The hourly nurse would isit these patients by appointment ad care for their needs, a flat fee f about \$1 an hour being charged or her services. This feature it is her services. This feature, It is

for her services. This feature, it is pointed out, would be of great assistance to persons ill in hotels and for women who have no other women in their homes to care for them.
"Merry Whir!" to Swell Funds.
It is hoped that these improvements can be put in as a result of the "Merry Whir!," the stupendous brabian Nights musical extravagance to be produced at the Academy of Mass for five nights, beginning Music for five nights, beginning ember 29. Miss Lila Stewart will we here October 25 to train the by which will consist of more than loral men and women, in addi-n to dozens of others who will list in many ways. Mrs. James J. Hickey is president of the I. V. N. A. and at the tast meeting of the hoard it was reported that 17,324 visits had been made by the thirteen nurses between the last part of June and the first of October, and that 1,563 new patients had been entered on the books. Three hundred and eighty-nine new bables also are registered, for the visiting nurses always have a hand in starting many future citizens of Richmond on the always have a hand in starting many future citizens of Richmond on the right road to health, happiness and well-being. It is hoped that it will not be long before a full-time maternity nurse can be employed, and also a tubercular nurse, and one to care solely for contageous diseases.

Nurses Highly Trained.

Two of the nurses already employed are colored, and like their white colleagues, are thoroughly

These colored women render tremendous assistance to their race and none of the nurses is more veicome in the homes of their patients.

To the Voters of the City of Richmond

I have been nominated by the Democratic party, without opposition, for the office of High Constable of the City of Richmond, an office which I have held for mearly sixteen years. I feel confident that every person who participated in the Democratic primary of August 2d last will support me and all other nominees of that primary in the general election to be held on November 8, 1921. During the sixteen years which I have held this office there has not been a complaint lodged against me with the court of which I am the executive officer, and I promise the same diligent attention to my duties that I have given to them heretofore. It is thou this basis that I gespectfelly solicit the votes of my felloweitzens.

I am the regular and only non nee of the Democratic party, I am
a Democrat from conviction and
not from expediency, and I have
never voted any other than the
Democratic ticket.

Gratefully yourss, WM. H. WYATT, JR.

We, the undersigned Deputy High Constables and Magistrates of the City of Richmond, who are Democrats, and have been connected with W. H. Wyatt, Jr., in the conduct of his office (some of us for sixteen years), wish to state that in our opinion he has conducted this office efficiently and with as much regard for the rights of defendants as the duties of the office will permit. We, therefore, respectfully ask our friends to reelect him to this important office.

first—a very practical one—
is to select one of those becoming Vests of embroidered

HERSELF in selecting. The
OTHER, while the assortment is unusually large and
the prices SO interesting,
select one of the smart Fur
Chokers in the Fur Room.

When Serving

becomes monotonous—put it on wheels and roll it 'round the table. The Tea Wagon is a valuable aide de camp, for not only does it make for not only does it make Afternoon Teas a success, but when one's maid is lacking it "totes" the food and is easily rolled from one side of the table to "tuther." Such beauties in the Furniture Department. Just the very thing for a bride!
